

How to use Searchable PDF

Select the images you want "Export" to "Searchable PDF". Remember "Identity current language".

The screenshot shows the CZUR software interface. At the top, there is a dark grey menu bar with icons for 'Scan', 'Export', and 'Batch'. The 'Export' icon is highlighted with a red box and labeled 'Step 2'. To the right of the menu bar, there are tabs for 'PDF', 'TIFF', 'OCR', and 'Searchable PDF'. The 'Searchable PDF' tab is highlighted with a red box and labeled 'Step 3'. On the far right of the menu bar is a 'Settings' icon. Below the menu bar, a dialog box titled 'CZUR' is open. It has a title bar with the CZUR logo and a close button. The dialog contains the text 'Identify current language:' followed by a text field containing 'English'. Below this, there are two columns of radio buttons. The first column has 'English' selected, and the second column is labeled 'Others' and contains a scrollable list of languages: Abkhaz, Adyghe, Afrikaans, Agul, Albanian, Altaic, and Avar. At the bottom of the dialog, there is a 'Confirm' button circled in red and labeled 'Step 5'. To the right of the dialog, a file list is visible with checkboxes next to file names: image00001.jpg, image00002.jpg, image00003.jpg, image00004.jpg, image00005.jpg, image00006.jpg, image00007.jpg, and image00008.jpg. The first four files are checked and highlighted with a red box, labeled 'Step 1'. At the bottom of the screen, there is a status bar with 'Version:17.4.0615.2' on the left and 'No background tasks' on the right. A toolbar at the bottom center contains various icons and an 'OCR' button.

Save as document

The screenshot displays the C2UR software interface. At the top, there are tabs for 'Scan', 'Export', and 'Batch', with 'Export' currently selected. Below these are options for 'TIFF', 'OCR(Word)', 'PDF', and 'Searchable PDF'. A 'Settings' gear icon is in the top right. The main area is dominated by a 'Save As' dialog box. The dialog's address bar shows 'This PC > Desktop'. The file list contains a folder and a file named '11.pdf'. The 'File name' field is set to 'searchable PDF' and is highlighted with a red box, with a red arrow pointing to it from the text 'Step 1'. The 'Save as type' is set to 'pdf (*.pdf)'. The 'Save' button is circled in red, with a red arrow pointing to it from the text 'Step 2'. In the background, the C2UR interface shows a list of image files on the right, including 'image00001.jpg' through 'image00008.jpg'. At the bottom, there are tabs for 'Color', 'Patterns', 'Stamps', 'Grayscale', and 'B&W', with 'B&W' selected. A status bar at the bottom right shows 'Tasks completed!' with a checkmark icon.

Click "test book.pdf" to view your PDF document.

The screenshot displays the CZUR software interface. At the top, there is a menu bar with options: Scan, Export, Batch, PDF, TIFF, OCR, and Searchable PDF. A 'Settings' icon is located in the top right corner. A central window titled 'CZUR' contains a table with the following data:

Status	Task name	Progress
Completed	Searchable PDF: image00001 image00002 image...	test book.pdf

Below the table are two buttons: 'Cancel ongoing' and 'Cancel all'. On the right side of the main window, there is a file list with checkboxes next to the following files: image00001.jpg, image00002.jpg, image00003.jpg, image00004.jpg, image00005.jpg, image00006.jpg, image00007.jpg, and image00008.jpg. The bottom status bar shows 'Version:17.4.0615.2' on the left and 'Tasks completed!' with a checkmark icon on the right.

Example:

The image shows a screenshot of the Adobe Acrobat Reader DC interface. The main window displays a PDF document with the following text:

If there is nothing entertaining you possibly can show you how a video introducing a product and fully explaining it works to make sales.

Finally, this chapter concludes with a 80/20 principle: Strategies for working on Facebook ads. This is something that is fantastically useful for me that I hope will give you the

A search overlay is visible in the center-right, with the word "facebook" entered in the search field. The sidebar on the right shows the "Export PDF" panel, which includes options to convert the PDF to Microsoft Word (.docx) and a "Convert" button.
