CZUR

CZUR is a high-tech company with focus on developing smart audio-visual products for office use. Our core is our patented AI algorithm in the field of audio-visual, image processing and more.

In CZUR, we believe AI should not be limited in labs. AI should be integrated into good products and service that can help people improve their work and life experience.

Since CZUR was founded 9 years ago, we insist on doing our own research and development. Our product category includes hardware(device), computer/smart phone APPs, Cloud service, algorithm.

With a strong commitment to innovation, user-centric design, and top-quality products, CZUR aims to revolutionize document management and digitization, making it more efficient and accessible in the digital age.
